

**SEMINAR**

**Crossing Countries: Challenging  
boundaries, changing lives**

**Monday 23<sup>rd</sup> February 2015 at 3pm**

**Room 1G10, Dalhousie Building, University of Dundee**

'Crossing Countries' is a social enterprise founded in June 2014 which provides students with disabilities the opportunity to travel to and engage in voluntary work with communities in South Africa. Jean Cathro (the founder of 'Crossing Countries') and Judith Drake (the 'professional at 'getting-things done'' in the team) will present on this social enterprise which enables students with disabilities to have the same overseas volunteering benefits and experiences as non-disabled volunteers. 'Crossing Countries' challenges attitudes and limitations within ourselves and others.

Further information about 'Crossing Countries' can be found at the following link
